- DMC Mouliné embroidery thread BLANC
- DMC Mouliné embroidery thread 727
- DMC Mouliné embroidery thread 973
- DMC water soluble canvas
- bowl
- water
- soap

PROJECT GUIDE

STEP 1

Cut two pieces of the the DMC water soluble canvas.

Place the DMC water soluble canvas centered in the sneakers and with large stitches tack it into place. Make sure the tacking line is larger than the design you'll stitch inside.

STEP 2

With 2 strands of DMC Mouliné embroidery thread embroider the designs following the instructions on the cross stitch chart, it's important to stitch over 2 threads of the water soluble canvas so the X will be bigger.

STEP 3

When the embroidery is finished, carefully cut and pull out the tacking stitches. Put your sneakers in a bowl with a large amount of hot soapy water (between 40 and 50° C). Let it soak for 5 to 10 minutes and stir it gently from time to time. The DMC water soluble canvas will melt and disappear. Rinse with plenty of hot water.
